

**PARTS TECHNICAL EVALUATION
FORM**

PTE Number: 0047-1

Revision: 1

Page 1 of 1

Part Name or Description: **Radial Neutron Shield Component - Chopped Fiberglass**

TN Drawing No.: **1049-30-3, 1042-30-3, 1084-30-3, 1087-30-3, 972-30-3** TN Item No: **7 on all listed drawings**

Other Reference Documents:

Intended Application: **TN-32, TN-40, TN-68 Dry storage casks**

Safety Classification: Safety-Related Non Safety-Related
If Non Safety Related, provide functional basis including failure modes and effects analysis, if appropriate.

If Safety Related, Method of Procurement: Nuclear QA Program:
CG Dedication:

Supplier: **Ashland Chemical, FRP Supply, PO Box 2219, Columbus, OH 43216
(5200 Blazer Pkwy, Dublin, OH 43017)**

Procurement Requirements:
Part Description: **Chopped and Stranded Fiberglass (approx. 1/4" long)**
Part or Identifying No.: **PPG #3075**

Technical/Quality Procurement Requirements:
Product Identification

Documentation Requirements:
Certification of Product Identity

Receipt Inspection Requirements:
Packages shall be clearly marked with product identity.
Certificates should be legible and in English and shall include material description.
Verify appearance (material should be in strands approximately 1/4" long).
