

TRANSNUCLEAR

PARTS TECHNICAL EVALUATION FORM

PTE Number: 0047-4

Revision: 1

Page 1 of 1

Part Name or Description: Radial Neutron Shield Component - Polyester Resin

TN Drawing No.: 1049-30-3, 1042-30-3, 1084-30-3, 1087-30-3, 972-30-3

TN Item No: 7 on all listed drawings

Other Reference Documents:

Intended Application: TN-32; TN-40, TN-68 Dry Storage Casks

Safety Classification: Safety-Related Non Safety-Related
If Non Safety Related, provide functional basis including failure modes and effects analysis, if appropriate.

If Safety Related, Method of Procurement: Nuclear QA Program:
CG Dedication:

Supplier: Gazechim Composites; PLEASE
6, Av Jean Monnet
B.P 93 ZAC de L'ambresis
77270 VILLEPARISIS, France

File No # 4.1
Record No: 4

Procurement Requirements:
Part Description: Polyester Resin
Part or Identifying No.: Resine Norsodyne MI 0070 C

Technical/Quality Procurement Requirements: Lot No. Identification

Documentation Requirements: Certificate of Conformance
Certificate of Shelf Life

Receipt Inspection Requirements:

Package condition and marking: all packaging to be clearly marked with supplier's description and lot number; Certificates should be legible and in English and shall include material description and lot number. Verify documentation includes certification to technical / quality requirements.
